

Certificate of Composition

Part No. 112DA4GASSP10N

Batch No. 14757-2-1

Cylinder No: 242791

Cylinder Valve: C10

Cylinder Size: 112DA

Nett Weight (kg): 0.13

Component

Hydrogen Sulphide

Carbon Monoxide

Propane

Oxygen

Nitrogen

Pressure 1000 psi

Volume 112L

Manufactured Date: 12-11-2024

Valid until: 12-11-2026

Certified by: D. Rogers

UN Number: 1956

Class 2.2

Compressed Gas, N.O.S (Oxygen, Nitrogen Mixture)

Please note all units are in mol%. All mixtures are certified gravimetrically adhering to ISO9001:2015 procedures. The weights used to calibrate the balances are traceable to the National Physical Laboratory (NPL). High purity raw materials supplied under a Certificate of Conformity are used to ensure the final gravimetric filling accuracy.

Warning

H280 - Contains gas under pressure; may explode if heated

P403 - Store in a well-ventilated place
